

IILM UNIVERSITY, GREATER NOIDA

INTERNSHIP REPORT PRESENTATION

Siemens Data Science Master

Virtual Internship

AICTE – EduSkills Virtual Internship Program | Supported by Siemens

Sagar Rana

Roll No. 2410030153 | B.Tech CSE

June – August 2026

**Sagar
Rana**

B.Tech – Computer Science & Engineering

ABOUT THE STUDENT

Candidate Profile

Roll Number

2410030153

Institute

IILM University, Greater Noida, U.P.

Programme

B.Tech CSE, Batch 2024–2028

Internship Domain

Data Science

Duration

8 Weeks | June – August 2026

ABOUT THE PROGRAM

EduSkills, AICTE & Siemens

EduSkills Academy is an ISO 9001:2015 and ISO/IEC 20000-1:2018 certified organization working under the theme “Nation Building Through Skills.” It partners with the All India Council for Technical Education (AICTE) to run the AICTE–EduSkills Virtual Internship Program under the patronage of the AICTE National Internship Portal. For the Data Science Master track, EduSkills collaborates with Siemens Industry Software (India) Pvt. Ltd. to deliver an industry-aligned curriculum covering data wrangling, statistical analysis, and machine learning.

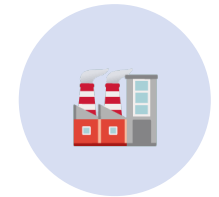

ISO Certified

ISO 9001:2015 & ISO/IEC 20000-1:2018 certified organization.

AICTE Patronage

Run under the AICTE National Internship Portal.

Siemens Industry Software

Industry-aligned curriculum supported by Siemens.

Bridging Theory and Applied Data Science

Although many engineering students learn the theoretical foundations of statistics and machine learning in coursework, very few get structured, hands-on exposure to working with real-world datasets using an industry-standard data science workflow. Concepts such as data wrangling, exploratory analysis, and predictive modeling are often understood only theoretically — with little practice turning raw data into actionable business insights.

This internship addressed that gap — practically learning the full data science workflow:

What the Internship Set Out to Achieve

Data Science Foundations

Understand statistics and the end-to-end data science workflow from first principles.

Data Wrangling

Clean, transform and preprocess real-world, messy datasets for analysis.

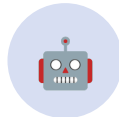

Exploratory Data Analysis

Uncover patterns and relationships using statistical summaries and visualization.

Statistical Modeling

Apply hypothesis testing and probability to draw sound conclusions from data.

Machine Learning Models

Build, train and evaluate regression and classification models.

Insights & Visualization

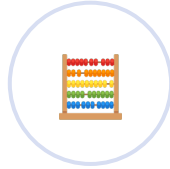

Communicate findings clearly through dashboards and data storytelling.

The Toolkit Behind the Internship

Python

Core programming language

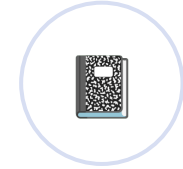

Pandas & NumPy

Data wrangling & analysis

Matplotlib & Seaborn

Data visualization

Jupyter Notebook

Interactive development

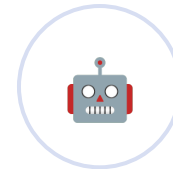

SQL

Data querying

Statistics

Hypothesis testing & inference

Scikit-learn

Machine learning models

Model Evaluation

Tuning & performance metrics

From Raw Data to Actionable Insight

The 8-Week Learning Journey

1 WEEK

Introduction to Data Science

Python & the data science ecosystem overview

2 WEEK

Data Wrangling

Cleaning, handling missing data & preprocessing

3 WEEK

Exploratory Data Analysis

Statistical summaries & visualization

4 WEEK

Statistical Foundations

Probability, hypothesis testing & distributions

5 WEEK

Machine Learning Basics

Regression & classification models

6 WEEK

Advanced ML Techniques

Model evaluation & hyperparameter tuning

7 WEEK

Data Visualization

Dashboards & storytelling with data

8 WEEK

Capstone Project

End-to-end data science project & presentation

EXPECTED OUTCOMES

Skills & Capabilities Gained

- ✓ Ability to apply data wrangling and preprocessing techniques to real-world datasets
- ✓ Practical understanding of exploratory data analysis and statistical methods
- ✓ Hands-on exposure to building and evaluating machine learning models
- ✓ Capability to visualize data and communicate insights effectively
- ✓ Skill to design and execute an end-to-end data science workflow
- ✓ Completed all learning-pathway modules & badges; cleared the Final Credential Validation with an “Outstanding” grade

CERTIFICATION

Successfully Completed

Grade

O – Outstanding

Certificate ID

43cab78d02bbc5d5051e

Certificate of Virtual Internship

This is to certify that

SAGAR RANA

IILM University, Greater Noida

has successfully completed the 8-weeks

Data Science Master Virtual Internship

During June - August 2026

May this Internship learning propel you toward a bright and successful career.

Supported By
